Description

Bay Cottage is a unique architect designed property in a stunning coastal location, with breathtaking sea views and magnificent sunsets on clear evenings. The area is popular for seabass fishing and there is a wide variety of wildlife in the Bay and otters, seals and dolphins may occasionally be seen from the property. The terraced garden is wildlife friendly and one of the many species which visit is red squirrels.

On arrival at Bay Cottage there is ample parking between the Garage/Workshop and Bay Cottage for a number of cars. The sun room has space to relax and enjoy the views, and it opens to the open plan kitchen/dining/living room, a triple aspect room filled with natural light. An electric Belling Country Style range cooker provides cooking facilities and a walk-in pantry provides an abundance of storage space. A seated area with a Welsh dresser offers an informal space to unwind. The hall opens to a porch, WC cloakroom, sitting room and bedroom/study. The double aspect sitting room has an original Victorian open fire and French doors open to the main garden, and the view. The study/bedroom 1 adjacent completes the ground floor, a room offering flexibility to suit the needs of the new owner and both this room and the hall have substantial fitted cupboards, adding to the storage space within the property. Stairs lead to the first floor and with two bedrooms and a family bathroom. Both bedrooms have dormer windows providing panoramic views across Luce Bay and bedroom 1 has double fitted wardrobes and an airing cupboard. There is additional storage in the eaves the full length of the first floor. The bathroom has both a bath and shower and a Velux window allows natural light to flood in.

Bay Cottage is of timber frame construction, sits under a slate roof and is double glazed throughout. Oil fired central heating is powered by a Worcester boiler situated in the kitchen.

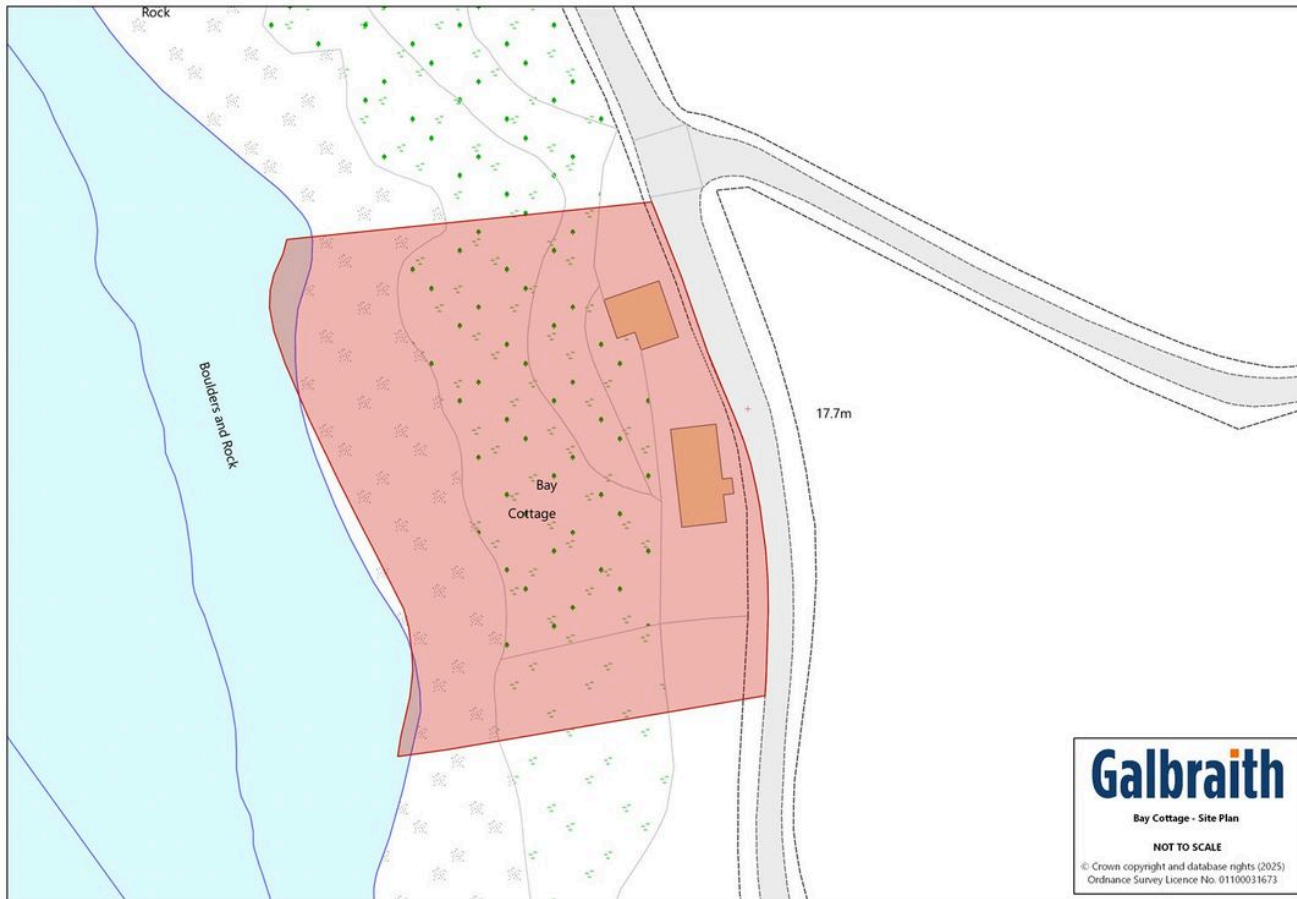

This architect designed property focuses on the views across Luce Bay, whilst providing a spacious family home in a rural area. Stepping stones from the garden provide direct access to the beach, a starting and finishing point for a walk, with just the sound of the waves and visiting seabirds.

The terraced garden and grounds at Bay Cottage include a well, a pond, hexagonal summer-house and two greenhouses, one which is home to a well established grape vine and fig tree. The many species of trees and shrubs include productive fruit trees and berry bushes and thousands of bulbs and flowering plants provide year round interest and colour. The garden benefits from the warm air of the Gulf Stream, and often snowdrops start to flower in December. The garden is terraced from the property down to the beach steps leading over the rocks to the sand.
